Werner Fire Fighter Hippo 1000-50-150

Powerful Capacity • Precision Control • Built for Africa

The Werner Fire Fighter Hippo 1000–50/150 is a high-capacity firefighting and wash-down system engineered for industrial, municipal, and agricultural operations.
Available in skid or trailer-mounted configurations, it combines mobility, durability, and superior pressure performance — purpose-built for reliable emergency response and heavy-duty field service. Tough. Efficient.
100 % South African Built.

Tank

Tank Volume (L): ± 1000

Payload (Kg): ± 1000

- UV-protected, heavy-duty polyethylene
- Mounting Options: Skid-mounted or trailer-mounted
- The corrosion-resistant polyethylene tank provides long-term durability, high impact resistance, and UV protection, ensuring dependable performance in the toughest outdoor conditions.

High Pressure System

- Werner Industrial Positive-Displacement Self-Priming Plunger Pump
  - Flow Rate: 50 L/min @ 150 bar (fully adjustable)
  - Maximum Pressure: 172 bar
- Safety valve protects both pump and engine
- ST1500 Jetting Gun: rated up to 280 bar with interchangeable jetting nozzles
- Glycerine-filled pressure gauge for reliable readings
- This robust, high-pressure pump ensures efficient firefighting performance, powerful wash-down capability, and long operational life under continuous use.

Frame

- Heavy-duty, all-steel frame provides full system protection and structural rigidity
- Suitable for ¾-ton and 1-ton bakkies
- Precision steel hose reel with superior swivel joint
- 30 m reinforced HP rubber hose, flame-retardant and abrasion-resistant
- 65 mm glycerine-filled dial gauge for accurate pressure monitoring
- Designed for strength and serviceability, the Hippo frame guarantees stable performance whether stationary or on the move.

Additional Accessories (If Required)

- Trailer or trolley mounting kits
- Extended hose reels and custom hose lengths
- Jetting nozzle sets – fan, jet, or fog patterns
- Foam induction system for enhanced firefighting effectiveness

EQUIPMENT & ACCESSORIES

Nozzles & Hoses

Werner Pumps supplies a full range of high-performance accessories designed to complement the Hippo 1000-50-150 Skid & Trailer Unit and enhance overall efficiency.

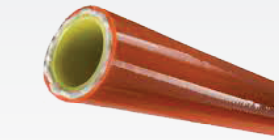

Product Range Includes:

- ENZ Swiss-engineered jetting nozzles for precision cleaning
- Rotary and fixed nozzles for varying pipe diameters
- Specialised cutter and root removal heads
- Vacuum hoses, suction lines, and discharge couplings
- High-pressure hoses with reinforced protection layers
- Quick-release couplings and fittings

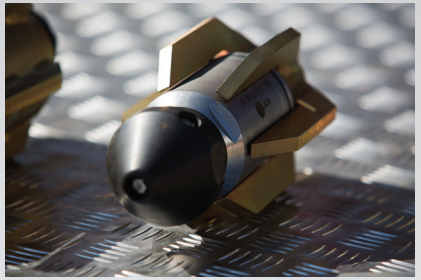

All accessories are rigorously tested for durability, safety, and compatibility with Werner high-pressure systems.

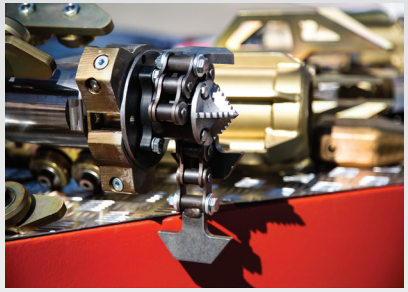

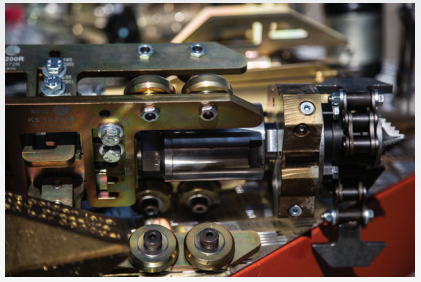

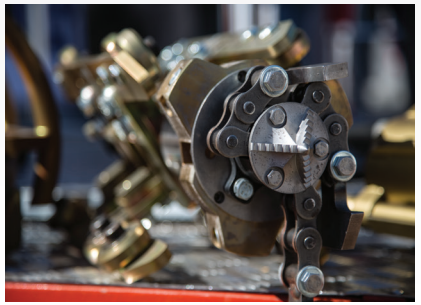

Get in touch

For professional-grade firefighting and high-pressure jetting systems, contact Werner South Africa Pumps & Equipment (Pty) Ltd. Experience world-class quality, service excellence, and local engineering designed for African conditions.
