Werner Fire Fighter Hippo 2500-50-150

Heavy-Duty Performance • High Capacity • Proven Reliability

The Werner Fire Fighter Hippo 2500–50/150 is a large-capacity, trailer-mounted firefighting and washdown system engineered for industrial, agricultural, and municipal applications.
Built for durability and power, it combines superior high-pressure capability, large water volume, and rugged mobility to deliver reliable performance in any environment.
Strong. Efficient.
100 % South African Built

Tank

Tank Volume (L): ± 2500

Payload (Kg): ± 2500

- UV-protected, extra heavy-duty polyethylene
- Mounting Type: Trailer-mounted
- The corrosion- and UV-resistant polyethylene tank ensures long-term performance under harsh outdoor conditions — perfect for high-demand firefighting, construction, or cleaning applications.

Additional Accessories (If Required)

- Extended hose lengths or dual reels
- Foam induction system for firefighting applications
- Water cannon or spray bar for dust suppression
- Hydraulic hose reel system (on request)
- Each unit can be configured to meet specific site, safety, or industrial needs.

Frame

- Fully welded steel protection frame for maximum durability and impact resistance
- High-speed trailer chassis, designed to full South African road ordinance standards
- Heavy-duty steel hose reel with precision swivel joint
- 65 mm glycerine-filled dial gauge for vibration-resistant, accurate pressure readings
- Stabiliser legs and safety reflectors for operational stability and on-road visibility
- Built to handle long working hours and tough environments, the Hippo 2500 provides both strength and safety.

High Pressure System

- Werner Industrial Positive-Displacement Self-Priming Plunger Pump
  - Maximum Flow: 50 L/min
  - Operating Pressure: 130 bar (adjustable)
  - Maximum Pressure: 170 bar
- Safety valve protects both pump and engine
- Glycerine-filled pressure gauge for consistent readings
- HP Jetting Gun: ST1500, rated up to 280 bar with interchangeable nozzles
- This high-performance pump provides steady water pressure, enabling both firefighting and heavy-duty cleaning with ease.

EQUIPMENT & ACCESSORIES

Nozzles & Hoses

Werner Pumps supplies a full range of high-performance accessories designed to complement the Hippo 2500-50-150 Skid & Trailer Unit and enhance overall efficiency.

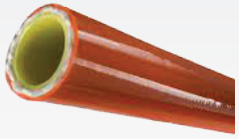

Product Range Includes:

- ENZ Swiss-engineered jetting nozzles for precision cleaning
- Rotary and fixed nozzles for varying pipe diameters
- Specialised cutter and root removal heads
- Vacuum hoses, suction lines, and discharge couplings
- High-pressure hoses with reinforced protection layers
- Quick-release couplings and fittings

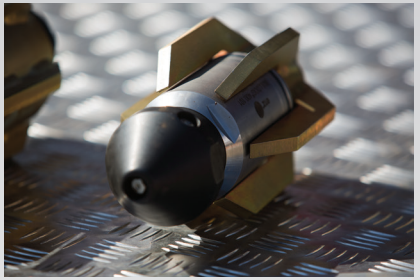

All accessories are rigorously tested for durability, safety, and compatibility with Werner high-pressure systems.

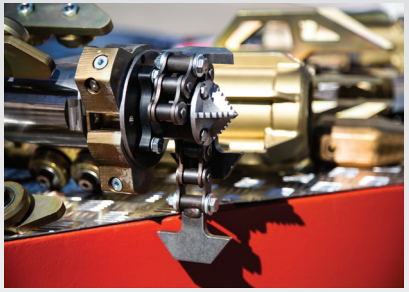

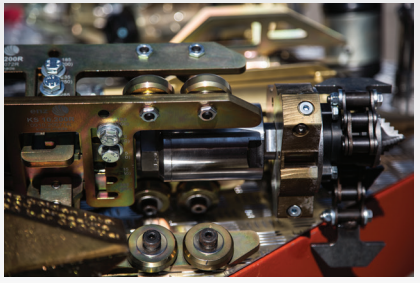

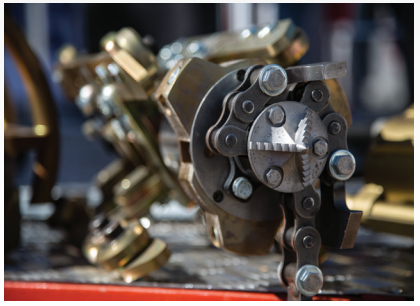

Get in touch

For high-performance firefighting and pressure-cleaning systems, contact Werner South Africa Pumps & Equipment (Pty) Ltd today. Experience unmatched quality, dependable service, and innovative design — proudly South African.
