Werner Industrial Pressure Washers (Electric)

Compact • Efficient • Industrial-Grade Cleaning Power

The Werner Industrial Electric Pressure Washer Range provides professional-grade cleaning performance in a compact, energy-efficient design. Built for industrial workshops, factories, mining operations, transport depots, and maintenance facilities, these electric units deliver consistent pressure, reliable operation, and low running costs.

Powered by high-efficiency electric motors, this range offers quiet operation, zero exhaust emissions, and easy serviceability, making it ideal for indoor or enclosed environments where diesel systems cannot operate.

Every model is engineered with durable frames, direct-drive pump systems, and Werner's proven high-pressure technology, delivering powerful cleaning with minimal maintenance.

Specifications

- Pressure Washing
- Water Sandblasting
- Drain Blasting
- Pipe Cleaning
- Surface Preparation
- Industrial Wash Down
- Workshop and fleet cleaning

Technical Data

Model	L/min	Bar	Gal U. S	p.s.i	E/ motor	Price
8-130	8	130	2.11	1885	2.2 kW	TBA
14-150	14	150	3.69	2175	5.5 kW	TBA
17-200	17	200	4.5	2900	7.5 kW	TBA
21-200	21	200	5.55	2900	7.5 kW	TBA
25-250	25	250	6.6	3600	15 kW	TBA
50-150	50	150	13.21	2175	15 kW	TBA

Key Features

- Electric Motor Drive – efficient, reliable, and ideal for indoor use.
- Direct Drive System – eliminates the need for belts (no V-belts), reducing maintenance.
- High-Pressure Performance – models range from 130 bar up to 250 bar.
- Portable Wheelbarrow-Type Frame – optional trolley for easy movement.
- Werner Low-Water Inlet Switch – protects pump from dry running.
- Werner Trigger Stop Switch – automatically switches off the unit when the gun is closed.
- Optional 50 m HP hose reel – for extended reach and operator convenience.
- Chemical Injector Option – for detergents and specialised cleaning agents.
- Werner ST-55 Sandblaster – for water-based abrasive cleaning.
- All accessories are precision-engineered to integrate seamlessly with the electric washer range.

L

Advantages

- Indoor-Safe, Low Noise Operation:
  - Perfect for workshops, factories, service bays, and areas where diesel engines are not permitted.
- Low Maintenance, High Reliability:
  - Direct drive removes belts, reduces wear, and increases service life.
- Durable Construction
  - Built on a reinforced frame with powder-coating to withstand industrial environments.
- Versatile Cleaning Capability:
  - From light-duty washing to heavy-duty sandblasting and drain blasting.
- Easy to Transport:
  - Portable trolley and compact frame design allow for quick movement between work areas.
